

LOGITECH PEN

The USI-enabled Chromebook stylus that lets students learn their way

DESIGNED FOR LEARNING

Designed for students, with students and educators, Logitech Pen provides the control they need to work their way and collaborate in all new ways with their peers and teachers.

The soft, non-slip grip fits hands of many sizes for maximum comfort, making it ideal for in-class work, homework, exams, and more. The active tip allows students to write, draw, take notes, sketch, annotate, markup, shade, and navigate.

With no pairing needed, teachers can make notes on students' tablets for real-time feedback. Logitech Pen works with hundreds of Chromebook™ apps across all disciplines from math to language to fine arts, so it's useful the entire school day. And, charging is a snap with the USB-C cable that students already have for their Chromebooks.

MEET LOGITECH PEN

USI-ENABLED

Logitech Pen works with any USI-enabled Chromebook. USI certification provides the quality and interoperability schools need.

WORKS WITH CHROMEBOOK CERTIFIED

Logitech Pen meets Google's compatibility standards to work seamlessly with Chromebooks.

NO PAIRING NEEDED

Just pick up and go! Up to 15 days of battery life and fast charging keeps students working—a 30-second charge provides 30 minutes of use.

EXCEPTIONAL CLARITY

The 4,096 levels of pressure sensitivity let students create any lines or characters with no delay and more clearly than with a finger or rubber tip stylus.

DESIGNED FOR COMFORT

Soft silicone grip, a comfortable tri-lobe shape, and optimal sizing provide increased comfort for extended use.

A COMMITMENT TO EDUCATION

At Logitech, we are curious lifelong learners, constantly questioning and inventing. We are relentless in our pursuit of tools that make an impact.

This passion drives us every day to design innovative products that create transformational and accessible experiences for students, teachers and schools.

Supporting education is inherent to our mission as we know that today's students are tomorrow's innovators.

Every Logitech education product has been designed with the needs of schools and students in mind. When you choose Logitech Pen, you can count on:

RUGGED DURABILITY

Meets military standards for drop protection, withstanding falls up to 4 ft (1.2 m). And, it's spill resistant too.

SECURE, REMOVABLE TIP

The tip design withstands prying off but replaces easily with pliers if needed.

SMART POWER MANAGEMENT

Automatic power management with smart sleep/wake. Designed to remain functional even after six months of dormant storage.

PEN LOOP FOR STORAGE

The optional Pen Loop keeps the stylus attached directly to the Chromebook for easy access when needed.

3-YEAR WARRANTY WITH CUSTOMER CARE SUPPORT

Our products are designed to work without fail, but should a problem occur, we've got your back.

WHY IT MATTERS

Research shows that when it comes to students **retaining what they learn**, the act of physically annotating during lessons can make a significant difference.¹

Helps students build handwriting abilities, an **important life skill**.

¹ Conducted by Pam Mueller of Princeton University and Daniel Oppenheimer of the University of California, Los Angeles suggests that writing by hand increases memory retention and understanding. In their research, Mueller and Oppenheimer compared students who took handwritten notes to those who typed notes on their laptops.
